

The diagram is a complex network of nodes and connections. The nodes are represented by text labels and numbers, and the connections are represented by lines. The labels and numbers include:

- Top Level:** 2025 (center), 1927 (right), 2025 (left), 2025 (far left).
- Second Level:** 1986 (left), 2010 (center), 1927 (right).
- Third Level:** BDO (left), H (center), PCAOB (right).
- Fourth Level:** 2025 (left), 300 (center), 2,523 (right), 802 (far right), 2025 (far right).
- Fifth Level:** 9,933 (left), 50.00 (center), 36.72 (right), 770 (far right), 8 (far right).
- Sixth Level:** 15.05 (left), 2025 (center), 9.16 (far left).

The connections between these nodes form a dense web, with many lines crossing each other, suggesting a complex relationship or flow between the entities represented by the labels and numbers.
